Social Thinking in Children with FASD

**February 23, 2018, 12 noon to 1 p.m.
SSCY Centre – 1155 Notre Dame Avenue**

Current research highlights the difficulties that children with FASD have in understanding and using social cues that can influence their social interactions with others.

Carla Bonar, School Speech Language Therapist, will present the concept of social thinking and a program that can be used for developing this very important skill; Kirsten Auld Varey, FASD Support teacher, will lead a discussion on developing social skills and social thinking skills through the use of Lego.

This workshop will appeal to professionals who work with students with FASD - teachers, resource teachers, early childhood educators, OT's, SLP's, psychologists and therapists.
