# LUNCH WITH BEV

## **Brown Bag Lunch & Learn**

Are you a service provider who has worked with people with FASD? Have you worked with women who use alcohol in pregnancy? Do you wish someone could tell you what kind of support is most helpful?

Join us as we have lunch with Elder Bev Harvey -Bright Star Medicine Cloud Woman. Prepare to be moved as she shares her personal story. It is a story of tragedy and triumph, and the healing she has experienced to get to today. You will leave feeling uplifted and inspired.
