The Manitoba FASD Family Network and Momenta have offered overnight summer camps for children with FASD, aged 10+, since 2012. Join us to learn what makes camp so great! This would involve best strategies in working with individuals with FASD in a camp setting, while at the same time, offering opportunities for the campers to socialize and make new friends. Highlights from summer camp will be discussed as well as tips (intake, facility, programming and staff) to start similar camps in rural and northern communities.
