

Manitoba FASD Coalition Inc. And the Manitoba FASD Family Network

Towards Healthy Outcomes

**Friday, November 27, 2020, 12:00 – 1:30 p.m.
Via Zoom On-line Conferencing**

Please join us Friday, November 27th, from 12 – 1:30 p.m. to view CanFASD Senior Research Lead, Dr. Jacqueline Pei's presentation on her intervention framework *Towards healthy Outcomes for Individuals with FASD*.

Achieving healthy outcomes for individuals with FASD requires working together towards meaningful goals for each individual. Recognizing this need Dr. Pei and her team of researchers produced an evidence-informed model to help us to identify key needs for all humans – with specific consideration for how existing research can inform our practice. This model looks at intervention across an individual's developmental lifespan. It is enacted within interactive systems and is strength-based and empowered.

Attendees will view the video from 12 – 1 p.m., then Dr. Pei will join us for a discussion from 1 – 1:30 p.m.

Please note that this workshop is 90 minutes in length.

**This is a FREE event sponsored by the Manitoba FASD Coalition
And the Manitoba FASD Family Network**

Session will run 12:00 pm to 1:30 pm

This Info Series Workshop will be in the form of a Zoom webinar.
