

## **MANITOBA FASD COALITION INCORPORATED** **FLOW CHART QUICK KEY**

### Manitoba FASD Coalition (MFCI)

A province wide collaborative network that is committed to supporting prevention, education, research and intervention activities in the area of FASD. A board of directors guide the work of MFCI with the assistance of the Executive Assistant. Please see the [website](#) for further details and information.

### Members

Membership is open to all Manitobans with an interest in FASD. Please see the [website](#) for further details and information.

### Regional FASD Coalitions

The regional FASD committees are groups of folks who gather together in communities across the province with a desire to address areas such as awareness, positive promotion, education and support of individuals with FASD. The regional committees are encouraged to plan and participate in FASD events and education. Please see the MFCI [website](#) for further details and information.

### Provincial Chairs Group

The provincial chairs group is comprised of the appointed chairs/co-chairs, of each regional FASD committee across the province. The chairs are invited to come together quarterly with the purpose of sharing information, consultation and support. The MFCI takes an active role in assisting and guiding the Chairs to be successful in leading their community coalitions. Please see the MFCI [website](#) for further details and information.

### Looking After Each Other (LAEO)

The Looking After Each Other project was created in 2014 and aimed at tackling stigma associated with FASD. The project worked to promote dignity by shifting social attitudes in relation to FASD. One of the activities created was an annual event, which collaborates with Indigenous Elders and communities to share information (the Annual Gathering). The LAEO project also created three subcommittees with each having a different focus, tasks and deliverables. Please refer to the MFCI [website](#) for details.

1. Popular education
2. Common language
3. Research

## Annual Gathering

The annual gathering is an event, which occurs once a year in a different community across the province. It endeavors to build relationships between communities, the regional FASD coalitions and MFCI. A subcommittee comprised of MFCI, local coalitions, and Indigenous leaders work together to plan, organize and produce the event. The intention of the gathering is to share knowledge and information in relation to FASD. This may include speakers, ceremonies, hands-on-activities, teachings and presentations. Please refer to the Manitoba FASD Coalition [website](#) for details.
